## Harry (Prince, Duke of Sussex) - Spare

ET: 10. Januar 2023

It was one of the most searing images of the twentieth century: two young boys, two princes, walking behind their mother's coffin as the world watched in sorrow - and horror. As Diana, Princess of Wales, was laid to rest, billions wondered what the princes must be thinking and feeling - and how their lives would play out from that point on. For Harry, this is that story at last.

**A landmark publication full of insight, revelation, self-examination.**
